EDUCATION

ADDIS ABABA SCIENCE AND TECHNOLOGY UNIVERSITY

Bachelor's degree in
Electromechanical Engineering
2016-2021

SUMMARY

I've immersed myself in programming as a self-taught enthusiast, driven by an unwavering passion ever since discovering my passion for it. Over the past year and a half, I've independently pursued this field, overcoming various challenges along the way. Now, I eagerly seek an internship to further cultivate my skills within a collaborative team setting, contribute meaningfully to projects, and continue my journey of learning and growth.
